Q1: Client Information:

Organization Name:	Dodge County
Your Name:	Susie Mueller

Q2: How would you grade the expertise of your Vision Project Manager?

Project Management	Above Average
Website Layout & Design	Above Average
Website Technology	Above Average
Communication	Above Average

Please add any comments about your project manager we
should know.
Trevor is very open and you are always able to reach out to him to discuss ideas and concerns. He is not afraid of giving his opinion and yet he is open to hear yours...love that!

Q3: At this point in the project, do you feel we are:

(no label)	Somewhat behind schedule

Q4: How well does your new website design, as represented by your final Design Concepts, meet your needs?

(no label)	Moderately well

Please add any comments about your website design we
should know.
Time will tell. We have tried a new concept which will require parties to work on the website to help define new categories we have not had before. I will probably be reaching out to Trevor for some more advice.

Q5: Is the remaining project process clear to you?

Yes,

If no, please let us know what we can clarify for you. Trevor has documented our timeline VERY NICELY. I did reach out to him to help me determine what our steps are on the Dodge County side to be ready for migration by Vision.

Q6: Based on your experience so far, how likely is it that you would recommend your project manager to a friend or colleague for another website project?

(no label)	Extremely likely10

Q7: **Based on your experience so far, how likely is it that you would recommend Vision Internet to a friend or colleague?**

(no label)   Extremely likely10

Q8: What do you need from us through the duration of the project for you to feel more comfortable recommending Vision Internet?

Respondent skipped this question

Q9: **Do you have any suggestions on the project so far which will help us serve you better?**

When I have previously worked with Vision, they supplied us with the broken links, which would have been helpful for this novice bunch, instead of them having to go through each and every one.
