Q1: Client Information:

Organization Name: Kershaw County
Your Name: Todd Shfer

Q2: How would you grade the expertise of your Vision Project Manager?

Project Management Above Average
Website Layout & Design Expert
Website Technology Above Average
Communication Above Average

Please add any comments about your project manager we should know.
Alex provided good feedback when we did our wire frame design and picking our colors and such.

Q3: At this point in the project, do you feel we are:

(no label) Somewhat behind schedule

Q4: How well does your new website design, as represented by your final Design Concepts, meet your needs?

(no label) Very well

Please add any comments about your website design we should know.
The design team was very flexible in helping us with our suggestions and colors that we chose to use on our new site.

Q5: Is the remaining project process clear to you?

Yes,
If no, please let us know what we can clarify for you.
At this point I am not sure if Kershaw County has caused the delay but us not being able to start to work with the content management until mid/late March is disappointing.

Q6: Based on your experience so far, how likely is it that you would recommend your project manager to a friend or colleague for another website project?

(no label) 8

Q7: Based on your experience so far, how likely is it that you would recommend Vision Internet to a friend or colleague?

(no label) 8

Q8: What do you need from us through the duration of the project for you to feel more comfortable recommending Vision Internet?

I would like to know what else is ahead of us regarding tasks that Kershaw County needs to provide. I know we need to provide the pages that will be embedded. We will have this done in the next few days. We are dealing with budgets now so we will be freed up by the end of the week.

Q9: Do you have any suggestions on the project so far which will help us serve you better?

Progress reports would be useful so I can keep our administration up to date on the progress.
