

Hi Tiffany,

The site has been implemented on our development server, and is now ready for UAT, so please see below for more information:

**Punch List Deadline:** [3 business days from day email is sent]

## GET STARTED

### Instructions

1. Go to the site URL (below) and use the front-end password.
2. Compare homepage and various interior pages side by side with the comps.
  - a. Refer to the attached checklist for guidance
3. Check all bugs in Internet Explorer (IE), and **either** Chrome (CH) or Firefox (FF).
  - a. CH bugs usually = FF bugs and vice versa. However, IE tends to have its own unique bugs.
4. Repeat items #1 and #2 in mobile/responsive view by shrinking your browser window and also checking on a mobile device.
5. Compile all found bugs/issues in the punchlist in Google documents
  - a. Fill out **all columns** in detail—if our team cannot duplicate the bug then they cannot fix it.
  - b. Take screenshots for **every bug**, no matter how small and paste into the **Screenshots** Google doc below (instructions are in the document)

## ACCESS YOUR SITE

### MAIN SITE

- URL: <http://dev7.visioninternet.com/DorchesterCountySC6>
  - Front-end Password: Gr33nFrog@48
- Punchlist: <https://docs.google.com/spreadsheets/d/1wfx4fpLko3IV390w7Q7xdC1ucK72xBQsJeusq-kVG9I/edit?usp=sharing>
- Screenshots: <https://docs.google.com/document/d/1k2hnW9TGz8neer3gnzTtN4GGQGusyKaC6kG2ukm0llk/e/dit?usp=sharing>
- Comps: <https://visioninternet.invisionapp.com/share/U2B8QQBS3>

Please let me know if you have any questions.
