Experience
Your Current Job Title
Vision Internet
2015 – Present (1 year)
Vision is a rapidly growing national leader in website development and software solutions for local government. Our mission is to offer municipalities beautiful, highly-functioning and easy to use web-based portals and software tools that empower their constituents to be informed and involved whether they are in front of a computer or on a mobile device.
In 2016, Vision was named to Government Technology magazine's GovTech 100, a listing of leading companies developing innovative offerings to improve or transform government... was also selected as a top 10 company in the ELGL Top Choice Award which recognized... government vendors.
In my current role, I am responsible for:
• bullet 1
• bullet 2
• bullet 3
• bullet 4
